

第1673067号 作文

This picture depicts that two people are resting in a half of traveling.One says "I am tired,so I don't to continue".Another gives him a water and says "Don't do this ,rest a moment and you can continue to go".

I think this picture has some through mean,which could give us some advices . First at all, when we are doing some things,though we are facing some diffcultes, we don't give up it. We must believe that success will be coming. In addition,when we are facing some difficulties or motivation, we can do some satisfy adjustment,for example , Having a rest moment and so on. Only in this way can we have better condition to face the difficulties .

In a word, it has a vitally important significance in this pictures to persist and do some satisfy adjustment in your lifetime,which can help you succeed.
