August 21,2020
Dear students,
On behalf of all librarians at our university, I express our happyness as you, the newly enrolled international students, come to our university. The following are these about the library's foundational information.
First and foremost, it is opened at 8:00 am and is closed at 10:00 at night. During this time you can get there. In addition, the library is a quite site, so you should keep quite. What's more, there is providing hot water and tiny foods, you take money to get them. Last but not least, you lend your favourable food at counter, you need to fill a form.

Please let me know if you have any questions about lending books and other things about library. We are looking forward to serve you.
